Riding the Rim Jan 10 2021 Riding the Rim is one man's response to the catastrophic events in New Orleans following Hurricane Katrina. The wetlands had been disappearing at an ever-increasing rate over fifty years. America's demand for oil combined with a mismanaged levee system had finally dealt a mortal blow to the defenses of New Orleans. The city lay open to the wrath of a 20 foot wall of tidal surge. We could not let this happen again. Little was being done. It was important that someone step up. Someone did. The audacious idea was that a guy on a motorcycle, traveling 16,500 miles around the perimeter of the United States, talking about coastal erosion just might call attention to the issue. If this rider was also a trained public speaker with a passion for his message, perhaps he could be the catalyst needed to raise awareness in the rest of the country. There was no way to predict success. There was risk as well as reward. The author took the risk and discovered a nation genuinely concerned for New Orleans but with little understanding of the importance of the wetlands to the country's economy and security. The wetlands are still endangered, but one man stepped up and made his voice heard. This is his story. "While many serve the cause of saving America's WETLAND, Terry Forrette takes his show on the road, mile by mile enlisting supporters. These personal and sincere acts of advocacy are seldom recognized in a time of media hype, but they are the backbone of our efforts to show that America cannot not afford to lose coastal Louisiana." Enigma Winds Aug 24 2019 The dictionary describes a community as a group of people living in the same place, sharing common attitudes, interest and purpose. A community is a self-organized network of people that share a feeling of fellowship, because they chose to associate, connect, be involved and bond as one. Yet it is much more than that; it is a group of ordinary people that stand united to make up an army that can overcome anything. They work together to survive floods, droughts, hail, famines and fires. But how can one small Idaho community survive the wrath of the mysterious winds? How do you fight an invisible enemy? A mindless enemy filled with rage; an enemy that kills, destroys and leaves total annihilation in its wake. How can you stop the wind, before it stops you?

This time, she's backed up by a well-trained paramilitary band of disciples fueled by their own hatred. Wolf, a writer named for his passion for riding the back roads as a lone-wolf biker, has a troubled past. It started when he and his friends brought a killer for hire's career to a sudden end. Blondie, the dead assassin's unique and illusive partner, has devised a plan that will destroy the fragile trust among motorcycle clubs, the police, and the public that has taken decades to build. When Wolf and his buddies try to lure this devious chameleon out, bodies begin to pile up in apparently unrelated incidents. While the authorities spin their wheels, Wolf and his brothers devise their own risky plan. Will it derail the growing

Booger Fairy May 26 2022 "Christmas a time to warm the hearts and souls of young and old and good and bad. Wait a minute did we say "bad"? Sven, Lena and Ole are off for a much needed vacation to the country no one wants. Situated between Canada and the United States lies the tiny nation called Snot Islands. The United States "does not" want them and Canada "does not" want them. The islands got their name from a clerical error. Someone a long time ago was told to record the name of this little nation. They heard the word "does not" and because it was said quickly and no one bothered to say "what did you say? " "Does not" was misunderstood to become "snot" and that is how the Snot Islands came to exist. As fate would have it our little island nation was destined to become a major player in this new technically advanced world of Christmas. A handful of strange and eccentric residents and a nation obsessed with booger's is about to start a brand new Christmas tradition. For the old at heart and the young of mind grab the family and curl up in front of the fireplace. Serve hot chocolate and eggnog to everyone. If you're Scandinavian and even if you are not a good helping of Lefse is always a great yuletide treat. Now pick up this book and start a new family tradition as old as the word itself. Read out loud to your family and loved ones of the world's greatest new Christmas icon "The Booger Fairy.""

The Little Book of Trikes Oct 31 2022 Motor trikes have been around since the dawn of motoring, with many starting out as utility vehicles or prototypes of cars. But trikes haven't died out or become mere relics of motoring history - companies all over the world still produce them today, and many will convert a motorcycle into a trike. Trikes are not only huge fun, but can also be a lifestyle choice. They are as diverse as the people who ride them, and this book illustrates the vast range of machines available. The reader will discover a plethora of trike designs and layouts from the late 19th century to the present day. Some influential designs include Piaggio's three wheeled vehicles, the Morgan three wheeler, and the Harley-Davidson Servicar. The book also features the products of companies that convert motorcycles into trikes, and shows some mass-produced examples that you can buy today. Then there are the weird and wonderful machines built by individual enthusiasts - a testament to their engineering skills and true eccentricity ...

The Call of the Woof Aug 17 2021 Army veteran Jake Black has a new lease on life, thanks to service dog Felix and his trainer, Marcia Banks. Despite a traumatic brain injury, Jake's able to ride his beloved motorcycle again, with Felix in the sidecar. But his freedom to hit the open road is threatened once more when he and his wife are accused of robbery. Called in to dog-sit, Marcia can't sit idly by. She and her mentor dog, Buddy, set out to clear the Blacks' name, fighting misconceptions about bikers and the nature of TBI along the way. When murder is added to the mix, Marcia redoubles her efforts, despite anonymous threats and her sheriff boyfriend's strenuous objections, both to her putting herself at risk... and to dragging him along on her wild ride. The Marcia Banks and Buddy Mystery Collection I Mar 12 2021 Training service dogs shouldn't be dangerous... Unless you are dog trainer Marcia Banks. She has two personality traits that represent both her best and her worst selves-she can't let a "wrong" stand without at least trying to make it "right," and she's nosy. In To Kill A Labrador (no dogs die!), she's reunited with her first trainee, a Black Labrador/Rottie mix named Buddy. When his former Marine owner is accused of murdering his wife, Marcia is called in to dog-sit. Outraged that his small town is assuming him guilty until proven innocent, she tries to uncover the real killer. Even after the hunky local sheriff politely tells her to butt out, Marcia keeps poking around...until the killer finally pokes back. In Arsenic and Young Lacy, Marcia deals with a challenging client, a neurotic former Army nurse who is being stalked. When Marcia receives a bizarre warning to stay away from her client and even sweet Lacy is caught up in the stalker's maliciousness, Marcia is torn. The young woman needs her service dog, and Marcia needs the training fee to bolster her perpetually tight finances, but how can she put her dogs at risk? Not to mention herself... In The Call of The Woof, Marcia's former client, a motorcycle enthusiast and traumatic brain injury sufferer, is accused of robbery and murder. Marcia and

Buddy set out to clear his name, fighting misconceptions about bikers and TBI along the way. Her boyfriend isn't very happy, though, that she's putting herself at risk...again...and taking him along on her wild ride. In *A Mayfair Christmas Carol*, when Mayfair, Florida's newly-minted Chamber of Commerce goes off the rails and decides to build an ice skating rink for a Christmas extravaganza, a decades-old skeleton is uncovered and its secrets threaten more than the town's Christmas plans. Marcia is determined to help her police detective boyfriend solve the mystery—whether he wants her help or not. Can she and Buddy keep the ghost of Christmas past from destroying what is left of Mayfair's founding family? (This is the first of several holiday novellas that are an integral part of the series. They focus more on the town where Marcia lives than on her veteran clients.)

Alaska Highway Flight Log Feb 08 2021 *Flying To Alaska—A Cross-Continent Adventure* Join writer and pilot William S. Walker on one of general aviation's most revered long-distance trips—a flight to Alaska. Walker writes, "Alaska is one of those ultimate journeys for aviators from the Lower 48 because it takes most of them completely out of their comfortable environments, not for just a four-hour stint or for a few days, but for weeks or longer. We were in the air 74 hours, flying more than 7,000 miles in a 59-year-old Cessna. It was probably the longest flying trip I will ever undertake and perhaps the best I will ever fly, although I hope there is even better to come." *Alaska Highway Flight Log* is Walker's personal daybook of the trip with distances, maps, airport identifiers and, foremost, his personal observations on the flying trip of a lifetime.
